ECOAPPROACH

Together on the right path

Who are Eco Approach?

We're a leading nationwide property services company established in 2013.

Every day, we visit hundreds of homes and businesses carrying out:

- Boiler installation, servicing & repairs
- Property certification & electrical works
- Installation of energy efficiency services

We are dedicated to building a greener tomorrow.

Our retrofitting division is making sustainability a reality by improving the lives of residents and helping clients meet Net Zero goals, one home at a time.

Our leadership

As founder and CEO of Eco Approach, Tom has led the company's rapid growth and expansion, and has built a team to steer the company towards further success.

His strong leadership skills, knowledge and vision enable him to drive innovation and ensure Eco Approach remains a leading player in the property sector.

I'm excited about the future at Eco Approach. We're embracing opportunities around sustainability and energy efficiency and are committed to protecting our planet for future generations.

Tom Harrington | Chief Executive Officer

Lee is the Managing Director at Eco Approach.

He has played a leading role in securing key national contracts including National Rail & Highways England.

Lee has also overseen the nationwide expansion of our Gas, Electrical and Retrofit divisions.

Whether we're dealing with blue-chip clients or homeowners, maintaining the highest standards and unrivalled customer service is at the core of what we do.

Lee Rix | Managing Director

Together on the right path

Testimonials

We are proud to have a wealth of endorsements and feedback from clients and customers...

What our clients say...

"Eco Approach has quickly become one of our leading installation partners. Collaborating with our project management team, they have successfully delivered installations across multiple projects."

Philip Taylor
Head of Installation Services
Switchee

"The service is second to none and their national coverage lets you fulfil what you committed to in the contract negotiations. My experiences with Eco Approach continue to be excellent. I am pleased to have found a company whom I know I can count on for our projects and contracts"

Graham Pye
Environmental Director
Evander

"Eco Approach aligned with Leaders values of providing a national service that maintains that local feel and delivers exceptional customer service"

Carole Charge
Technical and Compliance Director

TrustScore **4.8** | **24,629** reviews

What our customers say...

"Chris & his team have done a great job installing our solar panel system. Turned up at agreed time, got on with the job with little noise or fuss, were polite to my elderly mum & myself. Left the place tidy on completion. Would highly recommend."

Mick Kirton
4 reviews | 6 weeks ago

"Great. Everything as expected. Booked a Boiler Service and Gas Safety Certification. The engineer who came was very polite, courteous and carried out the work quickly. Certificate was with us via email by the time he left. Will certainly re-book for next year."

Benji Rolfe
9 reviews | 10 weeks ago

"Excellent, efficient service to get a new EPC. The process of booking was simple, email confirmation of every step, and my EPC is now live and up-to-date only 2 days after ordering it. Would highly recommend."

Jan Hartley
